

Changeover Component Shipping Policy

Changeover Shipping

Active Truck Parts, Inc. will make every effort to ship all needed parts and components for conversion or changeover orders in one shipment. If any additional shipments are required, the customer will cover any additional shipping costs over and above UPS Ground Service. Active Truck Parts is not responsible for any loss incurred by the customer from the result of extra ship time if a second shipment is necessary.

Most changeovers do not include bolts, hoses and fittings.
